IRON WORKS

FOR SALE.

IN Wythe county state of Virginia, on Cripple Creek about 15 miles from the Great Kanhawa and 40 miles from the north fork of Holston which affords a tolerable safe navigation to a prodigious scope of the western country, where perhaps iron is in greater demand than any other quarter of the United States.

Cripple Creek affords a sufficiency of water for both forge and furnace, being fed by bold never failing springs. The furnace and all the buildings have been commenced within 4 or 5 years—they consist of dwelling houses, kitchens, and a store house; also, a large and convenient stable—the forge has not long been completed. It is supposed to be the best built forge in Virginia, being cut of choice timber felled at proper seasons and executed by a first rate forge carpenter from Pennsylvania. It works three fires and two hammers, is sixty feet long and fifty wide, well covered with joint shingles. There are between 7 and 800 acres of land attached to these works, some of it of excellent soil, and any quantity may be procured within 6 or 8 miles for from 1 to 8 dollars per acre.—The ore banks appear to be inexhaustible lying within one mile of the furnace and good roads. From one of the banks the ore may be conveyed by water within 100 steps of the furnace, with the inconsiderable expence of 40 or 50 dollars.

The quality of the iron is acknowledged by those who have used it to be equal to any. It is particularly sought for by lock makers, saddle tree platers, cutlers, &c.

The demand for iron in that country is far beyond what is made, and is selling from 40 to 50l. per ton. I have no hesitation to say contracts on not a very long credit can be had for almost any quantity yearly, as from that quarter a considerable portion of the western country is supplied.

As it is supposed a purchase of this magnitude would not be made, without a view of the property by those inclined to purchase, it is deemed unnecessary to give a further description.

Letters addressed to me at Abington, Virginia, will be duly attended to.

I will also sell my

SALT WORKS

On Holston in Washington county Virginia which is now rented at 10,000 Dolls. a year. I have adjoining to it between 5 and 6 000 acres of land well covered with timber, a considerable proportion of which in point of fertility is equal to any land whatever, and will afford 3 or 400 acres of meadow, nearly 100 being now in good timothy. The buildings which are extensive are in a good state of preservation.
