A general account of

GEN. MIRANDA'S EXPEDITION,

Including the trial and execution of Ten of his Officers,

And an account of the imprisonment and sufferings of his officers and men who were taken prisoners,

Upon the authority of a person, (a Printer residing in New York) who was an officer under Miranda; who was taken and condemned to ten years imprisonment, and who, after suffering nearly two years, effected his return home. This is an interesting pamphlet, alike so to the federal republican and the republican. It is a plain narrative of facts, (though some of them may be false facts) it partakes not of the marvelous, the whole appears credible. The proprietor hopes the sale will soon prove sufficient to indemnify its publication, and afford something towards the relief of the captives.

To be had at the Book-store of

PROPOSAL,

By Joseph Milligan, *George Town,*

For publishing by Subscription,

ADELINE MOWBRAY;

OR

The MOTHER & DAUGHTER.

IN TWO VOLUMES.

By MRS. OPIE.

Custom, and perhaps propriety, have rendered it necessary to bespeak the favorable opinion of the public to a new book: but the writings of Mrs. Opie have long held such an undisputed claim to excellence, that nothing more seems necessary than to point out the leading object of the present very interesting tale, to recommend it to general patronage.

Those who have attentively read the writings of Mr. Godwin, well know, that however correct his abstract positions, and however logical his deductions may be—still they are, in many instances, by no means suited to the actual state of society. His opinions on the matrimonial engagement would, if generally adopted, infallibly destroy those bonds which are at once the most efficacious restraint upon licentious passion, and the best, nay the only security for domestic happiness. To counteract his fatal theory appears to be the principal design of the work now offered—in which the characters are so well supported, the incidents arise so naturally from the situations in which they are placed, the reasoning is so perfectly just, the whole narrative so beautifully pathetic, and the impression which it is calculated to produce on every ingenuous mind, so favorable to the cause of morality, that the publisher confidently anticipates its meeting the same universal applause in this country which it obtained in England.

CONDITIONS.

To those who may subscribe before the first of October next, the price will be seventy-cents per volume, in boards, after which it will be advanced to eighty-seven and a half cents per volume.

Treasury Department, United States, April 28, 1807.

Whereas the Commissioners of the Sinking Fund at a meeting held on the 23d day of March 1807, did among other things resolve, that the Eight per cent. Stock created in pursuance of the several acts of Congress passed on the 16th day of July 1798, and 7th day of May 1800, should be reimbursed on the first day of January one thousand eight hundred and nine.

This is therefore to give notice that the principal of the said Eight per cent. stock will, on surrender of the certificates, be paid on the first day of January 1809, to the respective Stockholders or their lawful representatives or attornies duly constituted and authorised, either at the Treasury or at the Loan Office, as the case may be, where credits have been given for the amount of Stock respectively held by them.

It is further made known for the information of the parties concerned, that no transfers of the said Eight per Cent Stock either from or to the books of the Treasury, or from or to the books of a Commissioner of Loans will be allowed after the first day of December, one thousand eight hundred and eight. And the interest on all certificates of said Stock, which shall not have been surrendered in pursuance of this notification, will cease and determine on the day preceding the day hereby fixed for the reimbursement thereof.

And whereas the Commissioners of the Sinking Fund at their meeting held on the 23d day of March as aforesaid, did also resolve, that the sum which after making the current payments for the years 1807 and 1808, and after reimbursing the Four and a half per Cent Stock, might remain to complete the annual appropriation of Eight Millions of dollars, for those two years, should, among other purposes, be applied to the purchase of the Eight per Cent Stock at private sale, and that such of the Cashiers of the Bank of the United States, and of its office of Discount and Deposit as the Secretary of the Treasury shall designate, be the agents under his superintendance for making the said purchases: Notice is hereby accordingly given, That James Davidson jun Cashier of the office of Discount and Deposit at Washington, has been appointed agent for that purpose in Washington, to whom such of the proprietors of Eight per Cent Stock as may be willing to sell the same within the prices limited by law, are requested to apply.
