Valuable Seats for Iron Works.

THE subscriber offers for sale between Five and Six Thousand acres of Land bounded on one side by James River, including big and little Owen's Creek, and situate in Amherst county in the state of Virginia. This land is in the midst of a well and thick settled country, about 100 miles above the city of Richmond. There are not more than 30 acres of it cleared. The remainder is heavily timbered—consisting of large pines, white oaks, poplar, black walnut and chesnut. On Big Owens creek, and within 600 yards of James river, which is navigable for boats at all seasons of the year—there is an excellent site for any kind of water works. The stream is rapid and constant, and about three miles from the seat are, as it is believed inexhaustible banks of Iron ore, which the subscriber has secured and which will be sold with the land, This ore has been tried and proved to be of a very superior kind. The land adjoining the seat is of excellent quality. Two hundred acres of timothy meadow might be made on the creek. The upland although hilly in places is will adapted to small grain, and a great proportion of it suitable to the raising of tobacco. Immediately around the site for water works are inexhaustible LIMESTONE Quarries, together with great quantities of the best building stone. In short there are many advantages combined to render this a most eligible spot for the erection of iron works, or any other kind of water works. It is deemed unnecessary to say more concerning this property than to request those who incline to purchase to view it. It will be shewn by captain Henry Holloway in the neighborhood. The price will be moderate, terms of sale, which will be made very easy, will be made known on application to the proprietor residing in Georgetown district of Columbia.

50 Dollars Reward.

RAN-AWAY on the morning of the 8th inst. from the subscriber a negro man

Named Richard Brown,

He is about 23 years of age, five feet six or seven inches high, well set, rather light colored, something forbidding in his countenance, and is a very artful fellow; had on when he went away a coarse white shirt, nankeen pantaloons, and an old great coat. He has been seen since in the district with a black coat, nankeen pantaloons and vest on. The above reward will be paid to any person who will bring him to me, or lodge him in jail in the district of Columbia, with reasonable charges.

VALUABLE PROPETY

FOR SALE.

The subscriber wishes to sell at private sale, that valuable property which he now occupies in the town of Bladensburg, Maryland, 6 miles from the Capital of the United States, and promises to be one of the best watering places in the union. The lot contains about one and three quarters of an acre, on which is erected a commodious frame DWELLING BUILDING, 57 by 30 feet, two stories high, built of the best materials, nearly new and finished in the best manner, 6 rooms on the first floor, and 9 bed chambers, 4 of which if necessary might be partitioned to make 8, also a good Kitchen and Bake Oven, Wash house, Smoke house, stablage for 30 horses and a house that will cover 6 carriages and a granery for oats.

The Lot borders on the Eastern Branch which is navigable and where fish may be caught in abundance in their season. This valuable property is in fee simple, and clear of all encumbrances and will be disposed of in the following manner, one half of the purchase to be paid in Land in the state of Ohio near some settled part thereof one fourth in cash, on the residue 12 months credit will be given. Possession may be taken on the first Monday in September if required, if not I would lease it for one year. Should the purchaser incline to buy the furniture, I can spare 16 prime feather beds, a handsome mahogany side board, tables, chairs and all the residue of the household and kitchen Furniture.

He wishes to return his grateful thanks to his friends in particular and the public generally for their patronage, and hopes to merit a continuance of it.

His house is well provided for the accommodation of those who may wish to visit the Spa this season.

I hereby give a caution to all and forewarn all owners and masters of vessels from taking on board or secreting said negroes under the strictest penalty of the law, or the one half of the 150 dollars will be given if secured in jail out of the state and 50 dollars if secured in jail in this state so that we get them again.

LAND FOR SALE.

PURSUANT to an order of the court of Calvert county, the subscribers will sell by public auction at the Court House in said county on Monday the 28th day of September next, if fair, if not the next fair day, all the real estate of the late Mr. James Weems, consisting of the following tracts of Land The tract on which the said James Weems resided, lying about two miles from Patuxent river, and containing 640 acres. The soil of this land is well calculated for the growth of corn, wheat and tobacco; there is about 30 acres of excellent meadow ground upon it not now in an improved state, but can be put so with very little labor or expence; a considerable part of this land is very heavily covered with wood, among which there is a great quantity of superior timber; there is also upon this tract a large two story Brick Dwelling house, containing 4 rooms and a passage on the 1st floor and 6 rooms and a passage in the 2nd story, also a cellar under the house divided into 5 apartments, one of which is intended for a kitchen and most conveniently fixed as such; there is also a barn, stable, corn house and other convenient out buildings. One other tract of Land lying near the Court-House containing 450 1-2 acres; upon this tract there is a small but very convenient framed dwelling-house with a kitchen and other necessary out buildings. This land produces extremely well; there is some excellent meadow land upon it and an ample quantity of wood for fencing and fire wood. This tract is now in the possession of Mrs. Weems (the widow of the aforesaid James Weems) to whom it was laid off by the commissioners as her portion of the land, and it will be sold encumbered with her life estate. Two other tracts of Land lying very near the last mentioned tract, one containing 100 acres; the other 162 acres. Upon the first of these two tracts there is a small wooden dwelling-house, also a quantity of excellent wood and timber. On the other tract, there are several small wooden dwelling houses and one tobacco-house, also a sufficiency of wood for fencing and fire-wood. It is thought needless to give a more full description of these lands, as it is presumed no one will purchase without first viewing them, and on application to Dr. Nathaniel T. Weems, who lives adjacent to the first mentioned tract, he will shew all the different tracts.

These different tracts of land will be sold in a body or in parcels as may best suit those who wish to purchase. The purchasers to give bond with approved security for the purchase money, to be paid in three equal annual payments; the whole interest to be paid yearly, and on the ratification of the sale by the court and a full payment of the purchase money, a deed of conveyance will be executed to the purchasers agreeable to an act of Assembly in such case made and provided.

PROPOSALS,

BY CONRAD, LUCAS & Co.
(late M. and J. Conrad and Co.)
No. 138, Market street,

FOR PUBLISHING

LEWIS AND CLARK'S
TOUR TO THE PACIFIC OCEAN,

THROUGH THE INTERIOR OF THE CONTINENT OF NORTH AMERICA,

Performed by order of the government of the United States, during the years 1804, 1805, and 1806.

THIS work will be prepared by captain MERIWETHER LEWIS, and will be divided into two parts, the whole comprized in three volumes octavo, the first containing at least 700 pages, the second and third from four to five hundred each, printed on good paper, and a fair Pica type. The several volumes in succession will be put to press at as early periods as the avocations of the author will permit him to prepare them for publication.

PART THE FIRST—IN TWO VOLUMES.

VOLUME FIRST.

WILL contain a narrative of the voyage, with a description of some of the most remarkable places in those hitherto unknown wilds of America, accompanied by a map of good size, a large chart of the entrance of the Columbia river embracing the adjacent country, coast and harbors and embellished with views of two beautiful cataracts of the Missouri; the plan, on a large scale, of the connected falls of that river, as also, of those of the falls, narrows and great rapids of the Columbia, with their several portages. For the information of future voyagers, there will be added in the sequel of this volume, some observations and remarks on the navigation of the Missouri and Columbia rivers, pointing out the precautions which must necessarily be taken, in order to ensure success, together with an itinerary of the most direct and practicable route across the continent of North America, from the confluence of the Missouri and the Mississippi rivers to the discharge of the Columbia into the Pacific Ocean.

VOLUME SECOND.

Whatever properly appertains to geography, embracing a description of the rivers, mountains, climate, soil and face of the country; a view of the Indian nations distributed over that vast region, shewing their traditions, habits, manners, customs, national characters, stature, complexions, dress, dwellings, arms, and domestic utensils, with many others interesting particulars in relation to them: also, observations and reflections on the subjects of civilizing, governing and maintaining a friendly intercourse with those nations. A view of the fur trade of North America, setting forth a plan for its extension, and shewing the immense advantages which would accrue to the mercantile interests of the United States, by combining the same with a direct trade to the East Indies, through the continent of North America. This volume will be embellished with twenty plates illustrative of the dress and general appearance of such Indian nations as differ materially from each other; of their habitations; their weapons and habiliments used in war; their hunting and fishing apparatus; domestic utensils, &c. In an appendix there will also be given a diary of the weather kept with great attention throughout the whole of the voyage, shewing also the daily rise and fall of the principal water courses which were navigated in the course of the same.

PART THE SECOND—IN ONE VOLUME.

This part of the work will be confined exclusively to scientific research, and principally to the natural history of those hitherto unknown regions. It will contain a full dissertation on such subjects as may have fallen within the notice of the author, and which may properly be distributed under the heads of Botany, Mineralogy, and Zoology, together with some strictures on the origin of Prairies, the cause of the muddiness of the Missouri, of volcanic appearances, and other natural phenomena which were met with in the course of this interesting tour. This volume will also contain a comparative view of twenty three vocabularies of distinct Indian languages, procured by captains Lewis and Clark, on the voyage, and will be ornamented and embellished with a much greater number of plates than will be bestowed on the first part of the work as is intended that every subject of natural history which is entirely new, and of which there are a considerable number, shall be accompanied by an appropriate engraving illustrative of it.

This distribution of the work has been made with a view to the accommodation of every description of readers, and is here offered to the patronage of the public in such shape, that all persons wishing to become subscribers, may accommodate themselves with either of the parts, or the entire work, as it shall be most convenient to themselves.

Detached from this work, there will be ublished

LEWIS & CLARK's
MAP OF NORTH AMERICA,

From Lon. 0 deg. west, to the Pacific Ocean, and between 36 deg. and 52 deg. north Lat. with extensive marginal notes—dimensions 5 feet 8 inches by 3 feet 10 inches.

Embracing all their late discoveries, and that part of the continent heretofore the least known. This map will be compiled from the best maps now extant, as well published as in manuscript, from the collective information of the best informed travellers through the various portions of that region, and corrected by a series of several hundred celestial observations, made by captain Lewis during his late tour.

For the convenience of subscribers, these several works will be delivered at the most respectable commercial towns, and at the seats of government of the respective states and territories within the Union; no advance is required nor will payment be demanded until such delivery is made.

The price of part the first in two vols will be Ten DOLLARS, and that of part the second in one volume, Eleven DOLLARS, delivered in boards. Price of the Map Ten DOLLARS.

☞ Any persons who may have subscribed for these works to lists which contain no stipulated prices for the same, and who may be dissatisfied with the terms now proposed, are at liberty to withdraw their names from such lists, at any time prior to the 1st day of December next.

M. LEWIS.

July 29.

Pursuant to an act of the General Assembly of Maryland passed at November session 1806, notice is hereby given to all persons holding Lots in the town of Cumberland, Alleghany county, and on which ground rents are now due, that unless they come forward and discharge the same on or before the 1st day of January next, the said lots so standing charged with ground rent, and remaining unpaid on that day, will then on the said 1st day of January be put up at Public sale, and sold to the highest bidder, upon a credit of 60 days, as by the said act of Assembly, entitled "An act authorising the collection of certain ground rents due on lots in the town of Cumberland in Allegany county" is directed. The sale to be held at John Ryne's tavern in said town, and to commence at 10 o'clock in the forenoon.

Treasury Department of the United States, April 2d, 1807. }

Whereas the Commissioners of the Sinking Fund, at a meeting held on the 23d day of March 1807, did resolve, that the sum remaining to complete the expenditure of the annual appropriation of eight millions of dollars, should among other purposes be applied to the reimbursement of the FOUR AND HALF PER CENT. STOCK, created in pursuance of an act of Congress, passed on the 3rd day of March 1795.

This is therefore to give notice, that the principal of the said Four and half per cent. Stock, will on surrender of the certificates be paid on the 1st day of October next ensuing the date hereof to the respective Stockholders or their lawful Representatives or Attornies duly constituted and authorised, either at the Treasury or at the Loan Office as the case may be, where credits have been given for the amount of stock respectively held by them, & that the interest which may then be due on said stock, will also be paid to the respective Stockholders or their lawful Representatives or Attornies duly constituted and authorised.

It is further made known for the information of the parties concerned, that no transfers of the said Four and half per cent. Stock, either from, or to the books of the Treasury, or from or to the books of a Commissioner of Loans, will be allowed after the first day of September ensuing. And the interest on all certificates of said stock, which shall not have been surrendered in pursuance of this Notification will cease and determine on the day preceding the day hereby fixed for the reimbursement thereof.
