TWENTY DOLLARS REWARD.

ON Thursday evening, the 18th inst. I lost my BAY HORSE, with saddle and bridle, from the rack at my door. He is about 9 years old; his tail being lately docked and nicked, is not quite healed up, and some of the hair is torn out. He is a handsome horse, about fourteen and a half hands high; in good order; a little crest-fallen, and his feet rather clumsy; no white marks. After the above description, any person may know him at first sight. It is impossible to say whether he has strayed or was stolen. If taken up in the city or neighborhood, 5 dollars will be given—if above 20 miles, 10 dollars; if 100 miles, 20 dollars, and the same reward if stolen, with proof of the theft, and all reasonable expences will be paid by

THE Subscriber having devoted near twenty years of the prime of his life in the Clerk's Office of the House of Representatives, and being now entirely disengaged from their service, proposes to enter immediately into astronomical calculations to fix a first meridian for the United States, at the seat of their government. This object will be effected by ascertaining the difference of longitude between Greenwich Observatory, in England, and the Capitol in this city, with due precision; and the computation will be founded on an occultation of *n* Pleiadum *(Alcyone)* by the Moon, which happened on the night of the 20th of October, 1804, observed near the President's house by Messrs. Abraham Bradley, junr. Seth Pease and David Wiley, and is known by every person having any knowledge of the subject to be among the best methods heretofore discovered for the purpose. When a correct result shall be obtained, the Subscriber also proposes to form tables adapting the positions of other places, both as to longitude and latitude, to a first meridian of our own; by which our mariners, and others, need not thereafter be subjected to *that* kind of dependance on a foreign nation, of taking their departure, or estimating their longitude either from Greenwich or Paris Observatory, to which they have hitherto been obliged to submit for want of such a meridian for the United States. As this must be acknowledged a *national* object, there can be little doubt, that it will receive the support of every native citizen (at least) who has any regard for the prosperity and indepence of this country.

NEW PATENT STOVES OR FIRE PLACES.

THE subscriber has made and sold (in Boston, [Mass.]) the winter past, some of his Rarifying Air Stoves. The improvement is well calculated to warm large halls, or any public buildings, as well as rooms in dwelling houses, compting rooms, offices, or work shops of mechanics.

One single stove may be so constructed as to warm every room in a house, and at the same time the air will be pure as well as warm, which change is produced by taking the cold air from the floor of each room that is to be warmed to blow the fire in the stove below.

By this kind of stove (to which is applied an external blower) rooms warm with comparatively little fuel. Coals of all kind, or wood, may be burned by admitting the external air directly into the fire among the fuel somewhat similar to a smith's bellows or forge.

It is believed that no method so extensive has been introduced heretofore to the public.

By a reversion of this principle, rooms may be cooled, and the air purified for breathing by condensing it, and is particularly useful in the summer or hot climates, can also be applied within hospitals.

He has obtained letters patent for the welding of cast steel to iron, for all kinds of edge tools or things where steel is required.

The value of this discovery is already sufficiently proved by the numerous tools already in use in the state of Massachusetts and elsewhere

He has also much improved the Pen, by applying a well tempered steel spring to a common quill or any other tube or thing, that will hold the ink properly, (called the truly elastic nib for Pens.)

DANIEL PETTIBONE.

George-town, Dis. Col. 22 May.

P. S. Any gentleman desirous of obtaining an interest or property in either of the above improvements, may obtain the same for a reasonable compensation, for any district, state, or county, within the United States, which is not yet sold.

By applying to the Patentee (the subscriber) at Mr. Jacob Holtzman's, (where it is expected he will tarry a few weeks): or Mr. John Abbott, at the accomptant's office (Department of War) or his dwelling house in George-town.

Washington, May 24—3t

UNITED STATES—DISTRICT OF COLUMBIA, COUNTY OF WASHINGTON, TO WIT:

In Chancery, December Term 1808.

Benjamin Stoddert and John Mason, versus Thomas Waters Griffith, John R. Livingston, Jonathan Burrell, Gobault and Dodrey, James C. Montflorence, I. I. Picaud, James Davidson, Robert R. Livingston and Danie Parker.

THE bill states that the defendant Thomas Waters Griffith was the agent of the house of Taney and Simmond for the delivery of a cargo of flour belonging to the said Taney and Simmond to the French government—that the French government not being able to pay ready money for the said cargo the balance due thereon from the said government was placed to the credit of the said Griffith the agent, instead of being placed to the credit of the real owners Taney and Simmond; that the debt so due hath been liquidated under the Louisiana Convention in the said Griffith's name, for the sum of one hundred and ninety thousand two hundred and seventy francs French money of the value of 35,675 dollars; that the said Thomas Waters Griffith, now residing and for several years past having resided in Baltimore city in the state of Maryland well knowing all the circumstances mentioned in the complainants said bill, and that the debt aforesaid was liquidated in his name in Paris, under the Louisiana Convention, was in truth and in fact a debt due to the said complainants, as the trustees of Francis Lewis Taney, and Taney and Simmond, did execute a writing transferring all the interest of said Griffith in the said debt due to the complainants as trustees aforesaid; that notwithstanding the above circumstances the said Griffith did employ James C. Montflorence of Paris to receive for his own account and use the aforesaid debt which actually belongs to the said complainants as trustees aforesaid; & the said Montflorence did actually receive the bills of the Minister of the United States on the Treasury of the United States in part payment of the said debt in four sets of bills drawn in favor of said Thomas Waters Griffith, and which bills have been fraudulently endorsed by the said Montflorence with a view as the said complainants believe to defraud them the said complainants, and under a real or pretended power from the said Griffith, & as his attorney to the said I. I. Picaud, who endorsed the same over to John R. Livingston who has endorsed the same over to Jonathan Burrell, cashier of the Bank of Discount and Deposit at New York, who has endorsed them over to James Davidson, cashier of the Branch Bank of the United States in the city of Washington, who now holds the same for collection. The complainants further state that four other bills, for the balance of the aforesaid claim on the French Government liquidated in the name of the said Griffith, but actually belonging to said complainants as trustees as aforesaid, have been drawn in favor of Gobault and Dodrey as transferees of Thomas Waters Griffith for thirty-thousand francs, French Money of the value of 5,625 dollars, which said four bills have also been sent to the aforesaid James Davidson and endorsed over to him for collection, in the same manner as in the case of the four other bills first herein recited. That all the aforesaid eight bills of exchange drawn by the American Minister at Paris on the Treasury of the United States under the Louisiana Convention for the debt liquidated in the name of Thomas Waters Griffith, are actually the property of said complainants as trustees aforesaid.

The object of the bill is to save and protect the said complainants from the fraud projected against them on the part of the said Thomas Waters Griffith, and his coadjutors, and to obtain a writ of injunction, directed to all the before-mentioned defendants, &c. and particularly to the said James Davidson enjoining him & commanding him, from paying over to any person besides the said complainants, the money that may be paid by the Treasury of the United States, in virtue of the said bills of exchange, and particularly enjoining the said James Davidson from paying the said money arising from the said bills or parting with the said bills, until the further order of this Court in the premises.

It is represented by the complainants that the said Thomas W. Griffith, John R. Livingston, Jonathan Burrell, Gobault and Dodrey James C. Montflorence and I. I. Picaud, defendants in this cause, all reside out of the District of Columbia, and are not within the reach of the process of this Court.

And whereas further, in the supplemental bill filed in this cause, in which bill the said Robert R. Livingston and Daniel Parker are made defendants, reciting the substance of the said original bill, further states that Daniel Parker, a non-resident of the District of Columbia who resides in Paris in France was concerned in the fraudulent assignment of the bills of exchange mentioned in the said original bill, that the said Parker at the time he procured the assignment of said bills knew that the claim for which the same were drawn as liquidated in the name of Thomas W. Griffith was the bona fide property of the complainants, and had been properly before transferred and assigned to them, and also that the said Robert R. Livingston is not a resident of the said District of Columbia, but resides in the state of New York, and is the person really claiming the proceeds of the said bills, and prays that he may be made a party to said bill and compelled to answer to the facts stated in the original bill—Also that said Parker may state the circumstances, attending the pretended transaction between Picaud and Montflorence the defendants, whether he paid any consideration and what to Picaud & Montflorence, and whether he did not know, or whether he had not received notice of the complainants claim and right at the time of or before the said transfer. The object of the bill is to obtain a decree in favor of the complainants, ordering and decreeing the monies for which said bills are drawn, now in the hands of James Davidson, to be paid over to the said complainants as the assignees of Taney and Taney and Simmond, and to enjoin the defendants and each of them from paying over or receiving the same until the decision of the court in the premises.

It is therefore ordered that the complainants cause a copy of this order to be inserted in the National Intelligencer printed in the city of Washington, six weeks successively previous to the fourth Monday in December next, to the intent that the said defendants may have notice of this application, and of the object of this bill and to be warned to appear in this court in person or by solicitor on or before the said fourth Monday of December next, to shew cause, if any, why a decree should not pass as prayed.

By order WM. BRENT, Clk.
