NEW STEAM ENGINE.

It is not without reason that a good many people think that the English nation is indebted to the Steam Engine for her preſent proſperity & wealth; it is by the force of that machine that ſhe can ſpin for a great portion of the earth, and that a great number of furnaces, forges, ſlitting and all ſorts of mills have been put into motion, where it would have been otherwiſe impracticable, and has rendered the iron, ſo abundant in that kingdom, that the erection of iron bridges over navigable waters, is a work practicable by ſingle individuals. The introduction of the Steam Engine into the United States would certainly produce the ſame effect; but the great quantity of iron which is required for her conſtruction, and the complicated mechaniſm neceſſary to produce a motion of rotation from her natural motion of back and forward, will for ſome time prevent her adoption.

The ſubſcriber reſpectfully informs the public that he has invented a new way of procuring a motion of rotation on a wheel by the ſteam, very ſimple, and with a ſmall quantity of iron, and at a ſmall expence compared to the old way, for which invention it is intended to make application for a patent; but being obliged to leave the country for ſome time, he is willing to diſpoſe of a part of his right thereto, and will attend to any who will favor him with a call by letter or otherwiſe, (provided the letters be free from poſtage) His reſidence in this city is at Mr. Villard's, engineer to the U. States, for about a fortnight, at Philadelphia about the ſame time, and at New York until the laſt part of next month. He will alſo communicate his idea on a way of procuring a blaſt for furnaces with two or three feet of water fall without a wheel, alſo a new method of kiln-drying corn or grain without danger of ſcorching it, and a cheap way of making ſalt.

He has alſo a good Horſe to ſell, with ſaddle and bridle.

The Subſcriber offers to leaſe

for a number of years 200 tracts of firſt rate land ſituate in the 4th, 5th, 6th, 10th, & 11th ranges on each ſide of Mad river and between the great and little Miami rivers—Jacob Broadwell, eſq. reſident in the vicinity of Cincinnati is authoriſed by the ſubſcriber to leaſe the whole or any part of the above lands. Induſtrious families, who firſt commence their improvements on the premiſes ſhall have cattle and other ſtock on ſhares if required. The above lands lie in a healthy part of the country, ſurrounded with mills and a populous ſettlement. The ſoil is rich and productive, is well watered, ſhaded with ſome of the moſt valuable ſort of timber, and pleaſantly ſituated. Town lots will be given to well recommended mechanics who commence their ſettlement in one year from this date. Mr. Broadwell is authoriſed to diſpoſe of ten plantations between the two Miami's well improved, with a large diſtillery and a ſett of new mills, equal to any in the weſtern country. They ſtand on the Little Miami river 8 miles from the Ohio. The griſt mill is calculated for five pair of ſtones, among them is a pair of burrs. Mr. Broadwell will ſhow the premiſes and make known the terms of ſale and an indiſputable title will be given on payment of the purchaſe money, by

20 DOLLARS REWARD.

RANAWAY from the ſubſcriber about the latter part of December laſt a negro man named LEWIS about 4 or five and thirty years of age. He is very black, about 5 feet four inches high and rather ſlender made, when interrogated he has a conſiderable impediment in his ſpeech and diſcovers much confuſion. He had on when he went off a ſhort coat of bear ſkin cloth very much worn, and a pair of long breeches, of white planes—he was ſeen the firſt of January in the county of Fauquier enquiring the way to the city of Waſhington where if he gets he will probably attempt to paſs as a free man, though being very ignorant it is likely his tale will not be a plauſible one. The above reward will be given for ſecuring him in any jail ſo that I get him again and all reaſonable charges paid if brought to me.

A BARGAIN.

THE ſubſcriber offers for ſale the farm he now occupies, containing near 300 acres with or without the ſtock thereon.

It is diſtant from the cities of Georgetown and Waſhington, about five miles, and well known as a healthy ſituation. There is much fine fruit thereon, and abounds with ſprings, affording as good water as in the United States, a conſiderable proportion of the land has been in clover, and from thirty to forty acres fit for the ſcythe the enſuing ſummer. It is now in a very improving ſtate, being altogether clear of broom ſedge, and from 40 to 50 acres ploughed and prepared for a ſpring crop, and from 30 to 40 acres well ſet with wheat and rye—ſome part of the land is calculated for tobacco; and plaſter of paris anſwers well with it all. The dwelling houſe and other improvements may with ſmall repairs, be rendered very comfortable—From its vicinity to two growing cities, many advantages reſult in ſupplying the markets. A purchaſer may calculate on a good bargain, particularly if an early application be made. Some part of the purchaſe money will be required in caſh or approved negotiable paper: the remainder rendered eaſy—or negroes received in payment. The ſubſcriber or William Searfy reſiding on the farm will ſhew it when required, and the terms made known by application to *Mr. John Thompſon*, George Town, or Dr. Wm. Thornton, Waſhington.

FOR SALE.

ALL that tract of land which I purchaſed from Mrs. Mary Jenkins and on which I now reſide lying in St. Mary's county on the Cheſapeake bay three miles from St. Inigoes creek, containing 500 acres more or leſs. The advantages of this land are numerous, 400 acres are in wood abounding in oak, locuſt and poplar. The bay ſhore affords an inexhauſtible ſource of excellent manure in the ſea weed or ſea oar as it is commonly called which is at all ſeaſons thrown up in great quantities and is of eaſy acceſs, lying immediately along ſide of the fields. No place can be better adapted than this for ſtock of all kinds. The woods yield abundance of acorns, and it abounds in grounds well calculated for meadows that produce great quantities of graſs. The improvements of this place are likewiſe conſiderable. There are on it a good brick dwelling houſe, every neceſſary out houſe, a ſmall water mill, and two tenements now under rent, beſides all neceſſary fencing in good repair. Moreover there are many convenient ſprings of good water that do not fail in the drieſt ſeaſons—its ſituation renders it almoſt ſuperfluous to mention that it lies convenient to the Baltimore, Norfolk and Alexandria markets. or Rent, a good ſeat for a Furnace upon the North Branch of Potomac in Hampſhire county, with plenty of ore already inveſtigated at conſiderable expence and found to be good, a conſtant and ſufficient ſtream with upwards of 30 feet fall, and the wood of more than 9000 acres of well timbered land; enough of which is arrable to form a complete eſtabliſhment. Connected with this may alſo be rented the forge built by Mr. John Potts at the Great Falls of Potomac, now the property of the ſubſcriber. It is conceived that theſe two ſeats are particularly worthy of the notice of Iron Maſters of capital; as they are fully adequate to the ſupply of iron, in its various forms, to an extenſive country, having great demand for that article, both above and below the Blue Ridge. The Hampſhire property is free from every incumbrance, and the payment of a very few thouſand dollars due to the proprietor of the fee ſimple at the Great Falls (my leaſe of which is for upwards of 900 years at a low rent) for rents in arrears prior to my purchaſe, will render this property clear; and afford a complete eſtabliſhment for all the various manufactures of Iron, as well as for mills, with a convenient farm, &c. &c.

I have ſeats equally eligible (if not ſuperior) for furnace and forge, upon the river Shanandoah in this county, with ore, wood, and water, all convenient and abundant: which may be rented for a long term of years, with rich farming land attached thereto.
