WESTERN NEW YORK.

Is received and read in nearly every family and place of business in Albany, Troy, Rochester  
and Buffalo, and has a large circulation among the farmers, and in every town  
and village within fifty miles of these cities.

Is a Forty-eight Column Paper, issued Monthly, at 50 Cents per Annum, and is  
Well Printed on Heavy White Paper.

We claim as the peculiar features by which the *Scientific Advertiser* has attained its popularity:—its original literary character; genuine letters from abroad in each number; its spicy editorial notices for advertisers, which are within themselves of interest to the public; its method of placing from one-half to two-thirds reading matter on every page, thus rendering each page of equal value to advertisers; its steady exclusion of humbugs and advertisements of articles of doubtful merit; the publicity which is insured by keeping 1,000 files of the *Advertiser*, nicely bound in cloth, in all the Hotels, Reading Rooms, &c., in the cities of publication, and principal cities on the line of the Central Railroad from New York City to Buffalo, and on all Hudson River Steamboats, Lake Steamers and Boston and New York Boats.
