

## THE REVIEW OF REVIEWS

Is one magazine which has actually benefited by the recent extraordinary extension of the field of monthly periodicals. Notwithstanding its maintenance of the twenty-five-cent rate, its subscription sale has steadily advanced among the best people of America. Its subscription list is several times as great, proportionately to newsstand sales, as those of other large magazines, and it is the subscription copies, paid for in advance, going into the home to lie on the library table throughout the month, which pay advertisers. The representative men and women of America consider the **REVIEW OF REVIEWS** "indispensable."

Forty-seven per cent. of its Subscription List is addressed to Ladies at their homes.

*Can you doubt that such a magazine, at \$150 per page, will pay you?*
