IT IS

Easy to claim for a newspaper that it is the best advertising medium. That its circulation is the largest. That its facilities are the greatest.

BUT

Will these claims stand the test of public inspection? Can they be substantiated?

The Easton Democrat

Claims these advantages and more. The DEMOCRAT is the best edited and most enterprising newspaper on the Eastern Shore of Maryland. It was the first One Dollar a year paper in Talbot County and is no longer an experiment. It has and has had for several years the greatest circulation. Circulation books open to all.
