

## Sigourney Review.

W. B. HOLLINGSWORTH, Editor and Publisher, SIGOURNEY, IOWA.

The REVIEW has a large circulation in one of the richest agricultural and mining counties of the State. Publishes more original matter than any paper in the county. Chronicles events as fast as they happen, and sometimes faster. Everybody takes it as they do the measles; fair damsels always carry a copy of it about them, and children cry for it more than they do for their catechism. The publisher is very accommodating about taking advertisements—used to take them on time—but discovering that it always "busted" the advertiser, has quit it, not wishing to destroy the business of the country. Terms made known on addressing the publisher, or
