

THE MILWAUKEE JOURNAL

“Towers high above
any other evening
newspaper in Wis-
consin.”

No brighter, newsier, abler edited or more cleanly conducted newspaper in the country. Its growth has been phenomenal—and it is still growing. Three web perfecting presses are now required to print its evening edition. Its *known* circulation—between **15,000** and **16,000**—is the largest of any evening newspaper in the State. If it will pay you to advertise at all in Wisconsin, it will pay you best to advertise in THE MILWAUKEE JOURNAL.
