THE NEW WIREWAY SECRETARY

A Complete Dictating Machine with all Features at an Economy Price

Here's the electronic recording machine that doubles your office efficiency and cuts transcribing costs. Simple . . . easy . . . remote control dictation always at your service. A permanent or temporary record of conferences, speeches, or telephone calls at the flick of a switch. Can be transcribed or played back at any time.

FEATURES:

- Remote control foot pedal that starts, stops and rewinds (at a ratio of 16 to 1) to whatever point you wish to rehear.
- Microphone has switch-control recording mechanism for intermittent dictation. Cleverly designed to fit into the palm of the hand. May be stood on the table.
- Spools of wire that can be used over and over or stored for a permanent record.
- Recording on the long-playing principle that automatically doubles length of wire—cuts wire cost in half and allows two continuous hours of dictation.

FEATURES:

- Simplified unit counter for quick location and judging length of the material to be transcribed.
- Special telephone pick-up will record two-way conversations.
- Small compact unit—weighs only 22 pounds.
- Two heavy-duty motors, completely air-conditioned.
- High fidelity, trouble-free performance.
- Every unit guaranteed.
- Automatic shut-off at each end of spool.

Accessories—every necessary device for special business recording requirements. Crystal or dynamic microphone; 15, 30, 60, 120 minute wire spools, and empty spools for editing. Plastic leaders, portable carrying case, telephone pick-up, earphones, single and double type, three-position foot control switch, album for filing permanent recordings.
