INDEX TO BLACK AND WHITE PHOTOGRAPHS

Clayton B. Fraser, photographer, February 1988

- | | |
|----------|---|
| AZ-12-1 | Overall view downstream of Dam and Saguaro Lake. View to east. |
| AZ-12-2 | Overall view upstream of Dam and spillway, with Dam tender's house and grounds in foreground. View to west. |
| AZ-12-3 | Overall view upstream of Dam, with west gravity section and arch thrust block in middle/left foreground. View to northeast. |
| AZ-12-4 | Overall view upstream of spillway gates. View to Northwest. |
| AZ-12-5 | Overall view upstream of Dam, with spillway in foreground. View to west. |
| AZ-12-6 | Overall view downstream of Dam, showing crest and forebay. View to southeast. |
| AZ-12-7 | Overall view downstream of Dam, with west gravity section and Dam tender's house and grounds. View to east. |
| AZ-12-8 | Dam afterbay, with west gravity section and thrust block in left background. View to northeast. |
| AZ-12-9 | Dam afterbay, with powerhouse at left and bed of salt river in foreground. View to north. |
| AZ-12-10 | Detail of arch section afterbay, with east thrust block in right background. View to east. |

INDEX TO PHOTOGRAPHS

- AZ-12-11 East thrust block, with arch section in left foreground. View to east.
- AZ-12-12 East thrust block. View to northeast.
- AZ-12-13 West thrust block, with transformer station in foreground. View to southwest.
- AZ-12-14 West thrust block, with arch section of Dam in right background.
- AZ-12-15 Dam crest from west abutment, with gravity section in right foreground an arch section in left background. View to east.
- AZ-12-16 Dam crest, showing service road and parapet walls. View to southwest.
- AZ-12-17 Detail of dam parapet walls, Showing concrete formwork. View to west.
- AZ-12-18 East approach of service road across dam crest, with spillway in left background. View to west.
- AZ-12-19 Spillway gate lifting mechanisms mounted on bridge above spillways. View to northeast.
- AZ-12-20 Spillway gate lifting mechanisms mounted on bridge above spillways. View to southwest.
- AZ-12-21 Piers supporting spillway tainter gates, with apron in left foreground. View to west.
- AZ-12-22 Spillway tainter gates and pier gates, with spillway bridge overhead. View to northeast.
- AZ-12-23 Detail of spillway tainter gate. View to North.
- AZ-12-24 Detail of spillway tainter gate, showing gate arm, trunnion pin, gate track and lifting chain. View to northeast.
- AZ-12-25 Detail of spillway tainter gate, showing trunnion pin and eyebar embedded in concrete of pier. View to northeast.
- AZ-12-26 Spillway apron, with cribbed gravel training wall in right foreground, view to south.
- AZ-12-27 Downstream lip of spillway. View to west.

INDEX TO PHOTOGRAPHS

- AZ-12-28 Powerhouse abutting west end of arch section, with auxiliary penstocks at right. View to east.
- AZ-12-29 Northeast and southeast sides of powerhouse. View to west.
- AZ-12-30 Southwest and southeast sides of powerhouse. View to north.
- AZ-12-31 Detail of southeast side of powerhouse, with arch section of dam in right background , view to north.
- AZ-12-32 Detail of northeast side of powerhouse, with auxiliary penstock in left foreground. View to south.
- AZ-12-33 Auxiliary penstocks with needle valves, adjacent to powerhouse. View to east.
- AZ-12-34 Auxiliary penstock with butterfly valve and valve mechanism. View to northeast.
- AZ-12-35 Arcade under powerhouse, with arch section of dam in right background, view to northeast.
- AZ-12-36 Arcade under powerhouse. View to southeast.
- AZ-12-37 Cantilevered column supporting corner of powerhouse. View to northeast.
- AZ-12-38 First floor generator room of powerhouse, showing generator and overhead service crane. View to northeast.
- AZ-12-39 First floor generator room of powerhouse, showing generator and overhead service crane. View to north.
- AZ-12-40 First floor generator room of powerhouse, from second floor balcony. View to southeast.
- AZ-12-41 Overhead service crane above first floor generator room. View to southeast.
- AZ-12-42 Generator in first floor of powerhouse, with woodward Governor in center foreground. View to southeast.
- AZ-12-43 Generator on first floor of powerhouse. View to east.
- AZ-12-44 Generator on first floor of powerhouse. View to northeast.
- AZ-12-45 Detail of direct current exciter mounted on top of generator. View to southeast.

INDEX TO PHOTOGRAPHS

- AZ-12-46 Water pressure gauges and manufacturer's plate for turbine mounted on generator housing. View to south.
- AZ-12-47 Oil pressure gauge and valves mounted on side of generator housing. View to northeast.
- AZ-12-48 Woodward governor used to control turbine wicket gates. View to southeast.
- AZ-12-49 Control mechanism and solenoid on woodward governor. View to southeast.
- AZ-12-50 Shaft connecting generator (above) with turbine (below). View to southeast.
- AZ-12-51 Wicket gate operating mechanism used to control water entering turbine, with turbine shaft above. View to southeast.
- AZ-12-52 First floor generator room, with oil pump for woodward governor and oil accumulator tank. View to northwest.
- AZ-12-53 Turbine shutoff valve next to control room in first floor generator room, from second floor balcony. View to east.
- AZ-12-54 First floor hallway from generator room, with station offices, transformer and generator breaker controls. View to northwest.
- AZ-12-55 First floor control room, with central control panel in right foreground, view to northwest.
- AZ-12-56 Central control panel in first floor control room. View to northeast.
- AZ-12-57 Third floor storage room. Wall at right is downstream side of dam arch section. View to southwest.
- AZ-12-58 Second floor stair hall, showing separation crack between concrete powerhouse and arch section of dam. View to southwest.
- AZ-12-59 Transformer station adjacent to powerhouse, with west thrust block in left background. View to southwest.
- AZ-12-60 Dam tender's house and grounds at east end of dam, with gate engine house in right background. View to south.
