Page 6

- DC-298-47 West Hall ceiling (typical of all four Halls), with trusses and metal ceiling, view is to east
- DC-298-48 Detail, North Hall ceiling with monitor and flagpole seat, view is to south
- DC-298-49 Detail, North Hall ceiling truss configuration showing connection details and flagpole seat, view is to southeast
- DC-298-50 Southeast Court monitor with ornamental central vent grille, view is to west
- DC-298-51 Detail, typical Balcony railing (North Hall), view is to east southeast
- DC-298-52 Detail, straight-to-spiral iron stairs, at Balcony to third floor Tower offices, typical at east end of North Hall Balcony, south end of East Hall Balcony, east and west ends of South Hall Balcony, and north end of West Hall Balcony
- DC-298-53 Detail, spiral stairs at northwest corner, North Hall Balcony to Tower (typical), note ornamental risers, tread brackets and rail post bolt ends; view is to northwest
- DC-298-54 Detail, Northwest Pavilion showing intact c. 1900 mosaic tile flooring surface in space at right, view is to southwest from first floor landing
- DC-298-55 Detail, Northwest Pavilion original iron stairs with oak paneling, newels and handrail, view is to northeast
- DC-298-56 View to northeast within Northwest Annex, showing c. 1975 reproduction of original library
- DC-298-57 View to east from mezzanine within Northwest Annex, showing c. 1975 reproduction of original library
- DC-298-58 Detail, showing steel structure of typical c. 1900 Rotunda-to-Gallery stairs; in West Hall, view is to southeast
- DC-298-59 Northeast Pavilion, intact iron staircase, view to southwest
- DC-298-60 Northeast Pavilion basement with typical rubble footings capped by brick walls, view to west
