Significance: The Naval Base at Pearl Harbor was designated as a National Historic Landmark in 1964. As a Category 3 facility, it has been determined that Building No. 658 functioned as part of Pearl Harbor Naval Base, but is only of minor importance to the historic character of the National Historic Landmark.

Description: Building No. 658 is a single story wooden structure, at southeast side of Building No. 654. The building is irregularly shaped and the floor area is approximately 1110 square feet. The building is abutted against Building No. 655.

History: Building No. 658 was constructed in 1929 as galley garbage house with floor area about 720 square feet. Later, the building was converted to be pot scullery and garbage room, and was also expanded by adding a passage and a smoke pit room. This building will be demolished and replaced with a new supporting facility consisting of a pot scullery, a passage and a smoke pit room, as part of the renovation work under Military Construction (MCON) Project P-126.
