BROADWAY BRIDGE

HAER No. MA-129

Broadway, over Foundry Street, MBTA Yard,  
Fort Point Channel, and Lehigh Street  
Boston  
Suffolk County  
Massachusetts

Photographer: Martin Stupich

August 1992

- MA-129-1 Aerial view of general setting of the Broadway Bridge.
- MA-129-2 General view of bridge in its setting, spanning channel, showing downtown Boston left, South Boston right.  
VIEW NORTH
- MA-129-3 General view of bridge spanning channel.  
VIEW NORTH
- MA-129-4 Oblique overview showing movable segment spanning the channel (left) and viaduct spanning rail right of way (right).  
VIEW FROM ABOVE TO NORTHEAST
- MA-129-5 Overview of movable span.  
VIEW NORTHEAST
- MA-129-6 Overview detail showing movable span, central pier and east pier, view at low tide to reveal maximum view of masonry below mean water level.  
VIEW NORTHEAST
- MA-129-7 Overview detail of movable span showing lattice bracing and other structural members at top of span.  
VIEW NORTHEAST

BROADWAY BRIDGE  
HAER NO. MA-129 (Page 2)

- MA-129-08 General view of movable span from water level, showing piers, turntable, movable span, parts of west land span and east viaduct.  
VIEW NORTHEAST
- MA-129-09 Close general view of movable span from water level, from west to east piers, showing remnants of bumper piers.  
VIEW NORTHEAST
- MA-129-10 General view of movable span.  
VIEW NORTHWEST
- MA-129-11 South elevation of movable span.  
VIEW NORTH
- MA-129-12 General view of bridge in its setting, Rapid Service Press Building left, South Boston shore right.  
VIEW NORTHWEST
- MA-129-13 General view of west portal from street level, bridge viewed from under the Southeast Expressway overpass where Broadway becomes West Fourth Street.  
VIEW EAST
- MA-129-14 General view of bridge from east bank of Fort Point Channel.  
VIEW SOUTH
- MA-129-15 General low oblique view of north face of movable span, showing masonry piers.  
VIEW NORTH
- MA-129-16 Detail showing west pier and land span girder truss meeting movable span.  
VIEW EAST
- MA-129-17 General panorama showing entire length of bridge/viaduct from rail right of way.  
VIEW NORTHWEST
- MA-129-18 Closer view of MA-17, featuring movable span.  
VIEW NORTHWEST
- MA-129-19 Closer view of MA-18, featuring movable span.  
VIEW NORTHWEST

BROADWAY BRIDGE  
HAER NO. MA-129 (Page 3)

- MA-129-20 General view of viaduct, east section.  
VIEW NORTH
- MA-129-21 General view of viaduct, west section.  
VIEW NORTH
- MA-129-22 General view, entire viaduct.  
VIEW NORTHEAST
- MA-129-23 General view of roadway, from South Boston, view is west across viaduct to  
movable span.  
VIEW WEST
- MA-129-24 Wide view of roadway and east portal.  
VIEW WEST
- MA-129-25 Close view of east portal from center of roadway.  
VIEW WEST
- MA-129-26 General view of north pedestrian walkway showing vehicular guardrail and  
pedestrian guardrail.  
VIEW WEST
- MA-129-27 General view through truss, showing lattice riveted members at sides and top.  
VIEW SOUTHWEST
- MA-129-28 Detail, riveted members typical throughout, showing posts penetrating  
metal/concrete walkway.  
VIEW WEST
- MA-129-29 Detail, service ladder from pedestrian walkway over railing to north side of  
movable span.  
VIEW NORTHWEST
- MA-129-30 Detail, builder's plate on northwest post:  
VIEW EAST
- MA-129-31 Detail, truss at viaduct between pedestrian walkway and traffic roadbed.  
VIEW WEST

BUILT BY THE  
BOSTON BRIDGE  
WORKS INC.

-1914-

INDEX TO PHOTOGRAPHS  
BROADWAY BRIDGE  
HAER NO. MA-129 (Page 4)

- MA-129-32 Detail under movable span showing turning mechanism on central pier, sub deck webbed cross girders and in the channel remnants of bumper piers.  
VIEW NORTHEAST
- MA-129-33 Closer view of turning mechanism showing central pier cogwheel, roller carriages and massive web trusses.  
VIEW NORTHEAST
- MA-129-34 Detail of movable span showing center structural tie between east and west spans centered over turning mechanism.  
VIEW SOUTHWEST
- MA-129-35 Detail, north side of turning mechanism showing service stairs mounted to structure from pedestrian deck to plane of turntable.
- MA-129-36 General view showing bumper pier remnants.  
VIEW SOUTH
- MA-129-37 View of west pier at low tide.  
VIEW SOUTH
- MA-129-38 Close view of west pier showing land span mounted on movable rocker cleat resting on pier.  
VIEW NORTHEAST
- MA-129-39 Viaduct sub deck general view showing typical steel post and cross-brace configuration with typical stone pier in background.  
VIEW EAST
- MA-129-40 Viaduct detail, west land span showing meeting of two sub-deck trusses atop stone pier.  
VIEW SOUTH
- MA-129-41 Detail showing meeting of two fixed land span segments, bridge land span at left, viaduct at right.  
VIEW NORTH
- MA-129-42 Detail, sub-deck viaduct showing riveted brackets supporting pedestrian walkway and heavily reinforced concrete of traffic roadway; note granite blocks atop pier.

INDEX TO PHOTOGRAPHS  
BROADWAY BRIDGE  
HAER NO. MA-129 (Page 5)

- MA-129-43 Detail, sub-deck east bridge land span showing typical structural connections and relationship to stone pier.
- MA-129-44 Detail, bridge land span outboard girder brackets carrying utility conduit. Structure rests on granite blocks mounted on granite piers.
- MA-129-45 Bridge land span detail showing typical steel post to beam and crossbrace connection.
- MA-129-46 Viaduct sub-deck showing typical double post configuration, view is on south side of viaduct.  
VIEW EAST
- MA-129-47 Viaduct detail showing riveted plate bracing and lattice members, same double post as MA-46.
- MA-129-48 General view of former Broadway Bridge approach at Lehigh Street.  
VIEW EAST
- MA-129-49 Approach remnants of former Broadway Bridge, at Lehigh Street.  
VIEW EAST
- MA-129-50 General view of Broadway Bridge, view south.
- MA-129-51 Swing span and east and west approaches, view northeast.
- MA-129-52 Intersection of west span and approach road to Southeast Expressway, view north.
