### INDEX TO BLACK AND WHITE PHOTOGRAPHS

Kristi Hager, photographer, 2010

- |          |   |
|----------|---|
| MT-34-15 | Pump Station Complex, overview, view to north. Pumping station and stack are visible in background. Spanning the foreground from left to right are sandbags (used to de-water the intake pier and settling basin), the intake pier and raceway, and diversion dam.                  |
| MT-34-16 | Pump Station, east elevation, view to west.   |
| MT-34-17 | Pump Station, oblique, view to southwest.   |
| MT-34-18 | Pump Station, north elevation, view to south.   |
| MT-34-19 | Pump Station, west elevation, view to east.   |
| MT-34-20 | Pump Station, south elevation, view to north-northeast. Visible in foreground from left to right are the catwalk (to the intake pier), the rock wall, and the concrete abutment wall on the north side of the settling basin. The water in the foreground is in the settling basin. |
| MT-34-21 | General Drawing of Building, ca. 1899. Image courtesy of the City and County of Butte-Silver Bow, Water Utility Division.   |
| MT-34-22 | Butte Water Co., General Drawing of Building, August 11, 1906. Image courtesy of the City and County of Butte-Silver Bow, Water Utility Division.   |
| MT-34-23 | Foundation Plans for the Big Hole Pump Station, ca. 1917, showing Pump Nos. 1 and 2. Image courtesy of the City and County of Butte-Silver Bow, Water Utility Division.   |
