Fortin de Cienega (Little Fort of Cienega)

Structure

(TEX-3119)

Near source of Cienega Creek, about 6 miles E. of Shafter, on the Hart Greenwood Ranch. Adobe block, 89'7" square including stockade with square defense towers at the northeast and southwest, with living quarters in 13'-wide rooms along the south and west perimeter; one story, flat-roofed. Originally there was no exit or entrance except via the main gate. Built in the late 1850s by Milton Faver, it was on one of several
