The Nestlé Permanent Hair Wave

Before Waving

Nestlé Waved

By the Nestlé method of straight hair treatment the lankiest hair is made to wave naturally in an incredibly short time. At the Nestlé establishment, where absolutely nothing but Nestlé permanent waving is done and every operator is a technical expert, an average head of hair is completed within two hours. The waving results are guaranteed to last so long as the hair is on the head. (Human hair grows about 1/8 inch per month.) Nestlé waved hair can be shampooed or treated with hair lotions without detracting from the results.

Attendance from \$12.00 upward according to quantity. Apply for our illustrated and free explanatory booklet.
