YOU, too, can have its charm if you will begin the following treatment tonight

Just before retiring, lather your washcloth well with Woodbury's Facial Soap and warm water. Apply it to your face and distribute the lather thoroughly.

Now with the tips of your fingers work this cleansing, antiseptic lather into your skin, always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. Finish by rubbing your face for a few minutes with a *piece of ice.*

Use this treatment persistently and in ten days or two weeks your skin should show a marked improvement —a promise of that greater loveliness which the daily use of Woodbury's always brings.

Do this today! If you have longed for the charm of a radiant complexion, a soft velvety skin—one you love to touch; if you want to begin tonight to actually bring this charm to your skin step by step, do this now: Tear out the illustration of the cake shown here and put it in your purse as a reminder to ask for Woodbury's today.

A 25c cake is sufficient for a whole month or six weeks of the Woodbury treatment described here. And with it you get this beautiful picture! Don't put it off till the supply of pictures is gone.
