Women's Sta-Rite Corset

Price 5.00

THE Sta-Rite Corset solves a problem which has perplexed corset makers and corset wearers for years. In reality, the Sta-Rite Corset has three clasps that act as one! A slight pressure of the fingers on the spring and all clasps come together simultaneously. Reverse the pressure and the clasps are instantly released. No pinching of the flesh. No tearing of undergarments. No trouble with the front steel. No unlacing in the back when you take the corset off. No fussing with hooks and eyes. No contortions to clasp it or unclasp it. And no possibility of the corset unfastening of its own accord.

Simple Certain Effective

Made only in fine materials  
Designed in models for women—for all figures

Revelling in the flexibility of delicate  
boning and the matchless beauty  
of smooth, unbroken lines

SINCE 1891

THIS "home landscape" may look attractive to you and to nine people out of ten, but it doesn't do us, for we know that the evergreens close to the house will soon grow too large, and will have to be cut back or be removed altogether and the dwarf varieties substituted. It isn't always the largest or the most expensive plants that are the best for a given purpose. The setting of this house can be made vastly more charming by a judicious intermingling of wall-clinging ivy and low-growing dwarfish, fishy evergreens with the more stately pine, fir, spruce, or cedar. There is arborvitae, low bushy pyramidal and globe of pleasing green; the exquisite Japanese yew; the spreading yew; and the feathery golden Japanese cypress. These cost as little as fifty or sixty cents apiece. Let our planting adviser call at your home and sketch a planting plan for you—and then be prepared for a surprise when he tells you how little it will all cost. His visit will cost you nothing. When shall he come?
