

## Letter from G. R. Hall to Mauro, Cameron, Lewis & Massie, November 17, 1914

The Curtiss FLYING BOAT Hammondsport, N. Y. November, 17th 1914. Mauro, Cameron, Lewis & Massie, Washington, D. C. Gentlemen:—

Referring to your favor of the 13th inst. Mr. Curtiss is now in Coronado, California, however we expect he will return to Hammondsport by December 1st, and believe he will be able to go to Washington about the 15th of December as you suggest.

We are forwarding all papers to him, and in the meantime will do what we can here to locate the photographs desired and an outside party to corroborate the testimony of the joint inventors.

Very truly yours, For Glenn H. Curtiss.
