ROWE'S Calls for the Ball Room

MARCH AND CIRCLE.

Library of Congress

For the March play something easy to keep step with. ("Pride of the Ball Room March" is just the thing) Let the Dancers march in Couples around the hall shout 5 minutes. The music must then stop and the Floor Managers will form the Dancers in a Circle around the Hall. When all is ready, play some lively air in 6-8 or 2-4 time and call the following,

Right and left, 8 Measures.

Cross right hands half around, 4 "

Rack with left, 4 "

Ladies chain, 3 "

Forward and back, 4 "

Pass to the next, 4 "

Turn Partners, 8 "

Repeat the above Calls a few times to get the Dancers well started when they will easily go through the figures without any calling. Continue the music some five or ten minutes and then to finish, Call out,

All promenade around the hall.

NOTE.

The figures placed at the end of each Call in this book, denote the number of measures to be played while the Dancers are executing that Call or Change.

(All promenade around the hall.)

NOTE.

Library of Congress

If the set is a large one, once through will make the dance long enough not if the set is small, then let them go twice through. To fix the Head Couple in your memory, note some portion of their dress, color of hair, or any way your fancy may dictate. The above remarks apply to nearly all

Contra dances and reels.

I have given enough Calls in this article to carry any quadrille Band through an evening's party; and any Prompter with a little ingenuity can vary these calls to almost any extent. To use these to advantage, I would advise the Prompter (who should always play 2d Violin or Piano) to copy these Calls on to his band book, putting each one at the end of the number of measures marked.
