How I became a devoted lover of Gerry Mulligan's music

I was 15 years old, when I discovered Gerry Mulligan's music for the first time. At that time, (in 2001) I started to play the baritone saxophone with my school instrument and one of my friends told me about "a sound that I had to listen to". He told me that Gerry Mulligan had an unique sound. So I decided to buy a CD, and I chose the Verve CD 849 392-2 : "GETZ MEETS MULLIGAN IN HI-FI". I was totally surprised by this CD, and I just wanted to buy others, in order to discover more.

Each CD I bought made me shiver and particulary the ANS Records CD 10005-2: "SUMMIT - REUNION CUMBRE, ASTOR PIAZZOLLA & GERRY MULLIGAN". This recording session is very special for me and so it was for Gerry because it resulted in many consequences in his life (he met his future wife Franca Rota for the first time during this session). I already knew that Gerry would have great influence on my life and on the music, I would listen to. Four years after my first purchase, my collection had increased up to about 100 CDs.

How I started to collect some unissued records

An important event in my life was my first phone call to Gérard Dugelay in 2005. It was extraordinary for me to speak to another fan of Gerry. Gérard and I live in France, so it made the communication easier. I will never forget this first discussion, I think we spoke together for about an hour. After that, I was very happy because Gérard accepted to send me some records from his personal collection from time to time.

March 2014 in Liège (Belgium)

In February 2014, I received an invitation for a tributeconcert to Gerry Mulligan in Liège (Belgium). I chose to attend at the concert on March 15th, at the Liège Royal Conservatory with my wife Tiphaine. This date was another great moment in my life, because it was the first time I met Gérard and his wife. It was also the beginning of a friendship with Kenneth Hallqvist, who also was present in Liège. They asked me if I wanted to be part of the team to update the discography and I accepted this invitation. For me, it was an honor. This tribute was also an occasion for me to meet Mrs. Franca Mulligan. A very special and emotional moment for me.

Today and plans for the future

I live in Rouen, and I have been a mathematics teacher since 2010. This job makes me feel happy and useful. When I was younger, I have often heard that there was a link between music and mathematics. It seems to be true. As you understand, like my friends Gérard and Kenneth, my greatest interest is to discover some new things about Gerry - music, videos, dates, photos, various information ...

In 2014, I bought a Conn baritone saxophone and I want to share Gerry's music with others, so I'm working hard with my instrument on some of Gerry's compositions. I would like to organize a tribute concert for Gerry, in the future.
Thanks

I would like to thank everybody for their help. My thoughts are particularly going to Gérard and Kenneth, Mrs. Franca Mulligan and my jazz friends. I also want to thank my incredible wife Tiphaine (who is a violonist) for her understanding and her help.

PREFACE BY GERARD DUGELAY

(issued 2004)

I fell in love when I was younger

I was a young jazz fan, when I discovered the music of Gerry Mulligan through a birthday gift from my father. This album was “Gerry Mulligan & Astor Piazzolla”.

But it was through “Song for Strayhorn” (Carnegie Hall concert CTI album) I fell in love with the music of Gerry Mulligan. My impressions were: “How great this man is to be able to compose so nicely!, to improvise so marvellously! and to give us such feelings!”

Step by step my interest for the music increased

I bought regularly his albums and I became crazy from the Concert Jazz Band LPs. Then I appreciated the pianoless Quartets with Bob Brookmeyer (The Pleyel Concerts, which are easily available in France) and with Chet Baker.

Just married with Danielle, I spent some days of our honey moon at Antwerp (Belgium) and I had the chance to see the Gerry Mulligan Orchestra in concert. After the concert my wife said: “During some songs I had lost you, you were with the music of Gerry Mulligan!!!”

During these 30 years of travel in the music of Jeru, I bought many bootleg albums. One was very important, because it gave me a new direction in my passion: the discographical part. This was the album “Gerry Mulligan – Vol. 2, Live in Stockholm, May 1957”. This LP was composed of the end of the Stockholm 1957 concert and also of three songs recorded live in 1966. To “respect “ the 20 years legal delay to issue this recording in Italy, they changed the date of recording in 1955!!! So Eddie Gomez was only 11 years old!!! I was shocked by this disrespect about the music of Gerry Mulligan and also with the purchasers.

In the late 80’s I discovered a club of jazz fans, the “World Jazz Network”. Through this channel I contacted many great admirers of jazz and particularly of Gerry Mulligan. With their help and friendship, my Mulligan collection increased regularly with a lot of radio broadcasts and TV telecasts. Thank you so much all of my friends.
In 1988, I went to Den Haag (NL) to watch for the second time the Gerry Mulligan Orchestra during the North Sea Jazz Festival. With this concert I started a long series of attending Mulligan concerts. Until the Frankfurt concert in May 1995 I experienced 14 great moments with the music of Gerry Mulligan. Each time a great story to tell!!

Newsletter and discography

A new and important step was my decision in 1993 to write a Newsletter about Gerry Mulligan. To share my passion and my discoveries with other Mulligan admirers was necessary.

With the help of my friend Klaus G. Fisher (a specialist of the music of Dave Brubeck) I also started to write a Mulligan discography-itinerary on my computer.

A work improved by my Swedish friend Kenneth Hallqvist (a specialist of the albums of Gerry Mulligan), who has put a lot of work into the discographical part!!

Gerry Mulligan was a composer, an arranger, a band leader and an appreciated soloist and his presence is on a lot of LPs and CDs!! During 40 years of Festivals (from Paris 1954 to Newport 1995) and several TV-shows Gerry Mulligan played with the greatest musicians of the history of jazz. He was unique!!

Thanks

To finish this presentation, I would like to thank everybody for their help and kindness: my wife, my family, my jazz friends all over the world and Franca R. Mulligan, Your friendship is the air I breathe!!

My thoughts go to Gerry Mulligan.

PREFACE BY KENNETH HALLQVIST

(issued 1998 and changed 2004)

How my love to Gerry commenced

As a young Swede (at the age of 13-14, i.e. 1958-1959), I went by the ferry to the capital of Denmark - Copenhagen - and bought my first recording with Gerry Mulligan (not having the slightest idea about who he was or what type of music he played) and it was the Fontana LP # 683 255 JCL: “RELAX! - GERRY MULLIGAN”. After listening to this fantastic LP over and over again, I was hooked on the music of Gerry.
At that time I was playing the clarinet and Gerry got me to change into tenor sax and thereafter I got the possibility to purchase a baritone sax. I’m still a lousy jazz musician compared with Gerry and other baritone saxophone players, which I’ve learned to appreciate. To mention another of them - Bob Gordon - who passed away far too soon.

I played my Mulligan records for everybody who wanted to listen and sometimes bored some of my friends, who didn’t have the same taste of music as I, because I also wanted them to love and understand the music of Gerry. I couldn’t understand if somebody didn’t feel the same exaltation as I, listening to the wonderful music Gerry created together with his fellow musicians.

**Finding a true Mulligan friend**

The years pass quickly and looking back I have to admit, that Gerry has had a great influence on my life and the music I love. I’m really glad to have got the contact with Gérard Dugelay in the end of the last century. We have only met twice at his home in Metz, but I feel our watches are ticking at the same pace when we meet and it’s really thanks to Gerry, his music, compositions and arrangements.

I live in a small village called Asmundtorp, just outside Landskrona (a town situated between Malmö and Helsingborg, just cross the Sound - Öresund - from Copenhagen). I’m married to a lovely wife and we have a nice grown-up daughter.

As you understand, my greatest interest is to acquire music recorded by Gerry and I’ve had the joy of listening to him in concert only twice. The first time was at Sparta on November 9, 1984 and the last time during his last concert in Sweden on April 26, 1995 at Mejeriet (the Dairy) also in Lund. This was a fantastic experience for me, as I got the opportunity to meet with Gerry and Franca back-stage.

**Creating a Gerry Mulligan discography**

In the 70’s I started to make notes of recordings made by Gerry and I’ve since then tried to improve the content of my private notes. Having compared works made by Gordon Jack, Jerome Klinkowitz, Arne Astrup and many others, I’ve tried to make a discography as complete as possible. With the additions from Gérard Dugelay, I hope, that the following “Gerry Mulligan Discography - Recordings, Concerts and Whereabouts” will be of great interest. I’m thankful for all comments and corrections, which can help improve this discography.

**Thanks**

I couldn’t agree more with what Gérard has written above and moreover as my last word, saying thank you to my wife Karin, for being kind enough to love me even though I’ve spent enormously many hours completing this discography during the last three decades.

Notes: Has previously been noted as a radio broadcast from 'Tune Town Ballroom', St. Louis, Missouri, but this is probably incorrect.
° Gerry Mulligan played baritone saxophone during this period. The sound of this instrument is clearly heard during some seconds of 'Heart To Heart'. This is the first Mulligan sound ever recorded.
°° The information on the Big Band Archives LP-1219 indicates, that 'Between The Devil And The Deep Blue Sea’ was recorded in 1945, but this song is probably recorded on October 10, 1949 - exactly the same sequence of soli including one by Gerry Mulligan.

All information above from the earlier Arne Astrup Discography is probably incorrect. Astrup only specifies 9 titles from Swing House LP SWH-25 and notes, that Mulligan is soloist on 'Blues For Me'. However, no baritone solo is heard on this song, but there surely is one on the song, that is missed out - 'They Didn't Believe Me' and it doen't sound as the baritone sound of Mulligan.

Moreover he was working in New York, whilst Georgie Auld and his Orchestra made all radio recordings during February-April 1949 in Los Angeles. Not until 1952, Mulligan hitchhiked the long way from the East Coast to the West Coast.

The Columbia/Legacy CD CK 65678 gives Bob Karsh (p), but probably Elliot Lawrence was playing as indicated on all other issues. Probably Gerry Mulligan didn't participate at this recording date at all.

Notes:
The sound quality on this recording is poor. Gerry Mulligan does not play on side #2 of the LP Spotlite SPJ 141, here the Charlie Parker Quintet with Miles Davis is heard from March, 1948.
It's also not certain, that Gerry Mulligan participates above. The LP sleeve states "unknown" piano player and "probably Marty Flax" on baritone sax. In the original Arne Astrup discography, Arne states Gerry Mulligan on baritone sax and Gene Di Novi on piano. However on the LP, Gerry Mulligan cannot be seen on the sleeve photos.
The LP can be found in Gerry Mulligan's record collection and this might be an indication, that Arne's information is correct.

Notes:  Charlie Parker CP-503 and Black Label BLCD-8002 do not have Don Lanphere as a member of the band. He was, however, a member of the band as mentioned on the cover of the Zim record. This session was recorded on an old wire recorder set up far away from the stage, which results in a poor sound quality.

According to Johnny Mandel, the personnel is not correct - Harry Edison was participating instead of Idrees Sulieman

Before Lighthouse CD LAJI006 and 007 were released, a private recording indicated the recording date as September 28. This was also the case for 'Short Snort' from Lighthouse CD LAJI002, i.e. the date is uncertain right now, even though the newest information ought to be the correct one, September 27, 1952.

The shorter durations can mostly be found on Lighthouse CD LAJI006 and 007 and this is due to editing. For example, the last piano solo on 'Sometimes I'm happy' has been cut out, which results in the difference 10:03 to 9:02.

Notes:
° Not indicated on the LP sleeves, but appears on the Vogue LPs after 'The
Nearness Of You' resp. 'Bark For Barksdale'. Both are the same recording,
but the background noise has been manipulated (applauses) from one version to
the other.

In the earlier issues of this discography 'Bernie's Tune', 'The Nearness Of You'
and 'Motel/Utter Chaos' were wrongly indicated to be present on Bellaphon LP
BJS 40183.

° This is the only time, that this title is mentioned in the discography. On Durium/Kings of Jazz LP KLJ 20031 even the name of the composer is mentioned (William Anderson), right or wrong? Anyway, it's surely not 'Bernie's Tune' as indicated on Rare Live CD RLR 88660 - 'Utter Chaos into Bernie's Tune'. The first part of the track is not 'Utter Chaos' from this session either.

Notes:
° Rhino/Turner 2xCD R2 79805 wrongly gives Art Pepper on bars instead of as, which he actually plays. Moreover this issue also wrongly indicates, that 'Alarm Clock (Raising Caen)' is performed with Gerry Mulligan participating.
°° Duration only 5:39 on Signature/Sony CD AK 47486, 5:37 on Jazz Plaza CD JPM 8800 and 5:34 on Rhino/Turner 2xCD R2 79805 resp. Gambit CD 69257 (edited) - tenor sax solo is cut out and piano solo is shortened.

Verve VSP 6 issue as by Mulligan and incorrectly gives the recording year as 1952. Gambit CD 69257 indicates recording to be made in the Summer of 1959 and lots of wrong information as to participating personnel.
See also January 11 & 12 and February 3, 1960 for further titles from 'The Subterraneans' Sound Track recording.
Soundtrack from the motion picture 'The Subterraneans' is based on a novel by Jack Kerouac (on VHS-video and DVD from The Video Beat).
Gerry Mulligan appears in the movie as a priester.

Notes:
The issues Verve CD 841 453-2 and CD 314 515 389-2 indicate the recording date as December 18, 1961 and the Verve master numbers indicate, that this session was recorded in December 1961. The original album states December 1962 and this is confirmed in Bill Crow's work diary. 1962 is assumed to be right!

The covers of Verve LP V/V6-8515 wrongly indicate, that Bob Brookmeyer is playing the piano on 'Big City Life', but correct is Gerry Mulligan.

Outtakes of the Verve album available at Library of Congress as Tape RGA 2652.

Notes: On some issues, the introductions and outs by Bill Cosby are separately noted, but on most of the songs his comments are included in the song duration.

On most issues the songs are edited, solos and introductions have been shortened and as an example, on BGOCD1140 you are led to believe, that 'Jump Monk' is the first song of the concert, which really is 'Honeysuckle Rose' and this has been left out from the otherwise nice album.

Contained 35 performers and 3 announcers. Gerry was one of the announcers. He presented the Benny Carter-Roy Eldridge All Stars, but he didn't bring any instrument. Lionel Hampton invited everyone back for a final jam. Gerry borrowed a clarinet from a New Orleans Brass Band (Tuxedo) musician and joined in for the last two numbers. There is a doubt as to which musicians participated in the final jam session.
