4 photocopies of historic maps

Ed Andersen, Photographer
John Snyder, Field Director

PHOTOGRAPHS

- NV-26-1 Contextual view to west of the Southern Pacific Railroad Carlin Shops buildings at Carlin, Nevada. Visible beneath the pedestrian bridge are the Engine Stores Building (HAER NV-26-A) [left], Oil House (HAER NV-26-B) [left center], and Roundhouse Machine Shop Extension (HAER NV-26-C) [center background]. The work train cars at right consist of the Boom Tender normally coupled to the wrecking crane and over which the crane's boom hung during travel, and a former Harriman standard-design Railway Post Office car (90mm lens).
- NV-26-2 Contextual view to west-southwest of Southern Pacific Railroad Carlin Shops buildings at Carlin, Nevada, taken from the pedestrian bridge visible in photo 1. The Engine Stores Building is at left center, Oil House at center, and Roundhouse Machine Shop Extension at right (90mm lens).
- NV-26-3 Contextual view to south of the Southern Pacific Railroad Carlin Shops buildings at Carlin, Nevada. The Oil House is at left, Engine Stores at center background, and Roundhouse Machine Shop Extension at right (90mm lens).
- NV-26-4 Contextual view to east of the Southern Pacific Railroad Carlin Shops buildings at Carlin, Nevada. The Roundhouse Machine Shop Extension is at left, Oil House at center background, and Engine Stores Building at right (135mm lens).

PHOTOCOPIES OF HISTORIC MAPS (These 8x10 prints are enlargements from 4x5 negatives.)
