## Administrative Information

### Provenance

The East Florida Records consist of files of the administration of the colony of East Florida during the period of Spain's second occupation, 1783-1821. The records were transferred by the United States Department of the Interior's General Land Office in Tallahassee, Florida, to the Library of Congress in 1905.

## Processing History

The records were processed and described at various times between 1905-1984 and microfilmed in 1965. The finding aid was revised in 2004 and again in 2011.

## Additional Guides

Brief descriptions of these records can be found in the *Report of the Librarian of Congress for 1905* (Washington, 1905), pp. 49-50; the *Handbook of Manuscripts in the Library of Congress* (Washington, 1918), pp. 121-122; and Mabel M. Manning, "The East Florida Papers in the Library of Congress," *Hispanic American Historical Review*, vol. X, no. 3 (August 1930), pp. 392-397.

An unpublished index and card indexes for certain files are available in the Manuscript Division Reading Room. An index to the East Florida Papers is available at the University of Florida Libraries Web site at <http://www.uflib.ufl.edu/digital/collections/EFP/index.htm>.

## Copyright Status

It is the researcher's responsibility to determine requirements of domestic copyright laws and international treaties and conventions.

## Access and Restrictions

The records of East Florida are open to research. Researchers are advised to contact the Manuscript Reading Room prior to visiting. Many collections are stored off-site and advance notice is needed to retrieve these items for research use.

## Microfilm

A microfilm edition of these records is available on 175 reels. Consult reference staff in the Manuscript Division concerning availability for purchase or interlibrary loan. To promote preservation of the originals, researchers are required to consult the microfilm edition as available.

## Preferred Citation

Researchers wishing to cite this collection should include the following information: Container or reel number, East Florida Records, Manuscript Division, Library of Congress, Washington, D.C.

## Scope and Content Note

The Records of East Florida span the period 1737-1858, with the bulk of the material dating from 1783 to 1821. With the exception of documents relating to the ownership of land and of items transferred from St. Augustine to Cuba or Spain in 1819-1821, the records in the Library of Congress comprise the archives of the Spanish government of East Florida between 1783, when Britain retroceded the area to Spain, and 1821, when American authorities took possession.

In October 1821, after the Adams-Onís Treaty transferred East Florida to the United States, the records of the former Spanish government at St. Augustine were seized to prevent their shipment to Cuba. They were organized into numbered bundles or *legajos*, apparently retaining the organization established by the Spanish regime and made available to both the American national and Florida territorial governments and to the authorities appointed to adjudicate land claims. In 1849 the records were placed under the control of the Florida surveyor-general of the General Land Office, Department of the Interior, where they remained, with an interruption during the Civil War, until 1905. During these years some rearrangement of the original bundles was made, new bundles and bundle numbers were added, and documents now in Bundle 410 selected from various bundles and sent to the secretary of state in Washington in 1823 were returned to the collection. In 1905 the Library of Congress received 381 bundles, numbered from 1A through 489, comprising all of the files except records relating to land grants, which were left in Tallahassee. Certain materials, notably the copies of the Montiano letters (Bundle 37) and the Index of Royal Decrees, 1595-1762 (Bundle 489), relate to the earlier period of Spanish control, and several items in bundles 385 and 488 date from after 1821.

The records concern most aspects of Florida history during the last generation of Spanish control. The larger features of Spanish policy are revealed in such files as the governors' correspondence with authorities in Mexico and the United States. Other files, such as correspondence with the intendant and with the accountant of the exchequer, relate to the finances of government, while records of the firm of Pantón, Leslie, and Company and the many records of vessels' entries and clearances include commercial information. Defense, legal matters, and relations with native Americans are also noted in the records.

Since the current organization and bundle-numbering system is in accordance with the nineteenth century filing scheme, some records are out of sequence. The records are now contained in bound volumes and manuscript containers rather than bundles tied or folded together. Material unidentified by bundle number has been listed at the end of the container listing. Oversize material has been filed at the end of the collection.

A history of these records is in Irene A. Wright, "The Odyssey of the Spanish Archives of Florida" in *Hispanic American Essays*, A. Curtis Wilgus, ed. (Chapel Hill, N.C., 1942). Some of the records have been published in English in Joseph B. Lockey, compiler, *East Florida, 1783-1785* (Berkeley and Los Angeles, 1949), and in John W. Caughey, *McGillivray of the Creeks* (Norman, Okla., 1938).
