World War, 1939-1945--Soviet Union.

## Administrative Information

### Provenance

The Venona Project records of the United States Army Signal Intelligence Service were transferred to the Library of Congress by the United States National Security Agency in 1996-1997.

### Processing History

The records of the Venona Project were arranged and described in 1996. The collection was expanded and revised in 2007 and the finding aid revised in 2009.

### Other Repositories

Venona Project records are also available through the National Security Agency Central Security Service Web site at [http://www.nsa.gov/public\\_info/declass/venona/](http://www.nsa.gov/public_info/declass/venona/).

### Copyright Status

The contents of these volumes, which were produced by a federal agency, are not covered by copyright legislation and thus are in the public domain.

## Access and Restrictions

The records of the Venona Project are open to research. Researchers are advised to contact the Manuscript Reading Room prior to visiting. Many collections are stored off-site and advance notice is needed to retrieve these items for research use.

## Preferred Citation

Researchers wishing to cite this collection should include the following information: Container number, Venona Project Records, Manuscript Division, Library of Congress, Washington, D.C.

## Scope and Content Note

The records of the United States Army Signal Intelligence Service Venona Project span the years 1940-1996, with the bulk of the items concentrated in the period between 1941 and 1945. The collection consists of records relating to the Venona Project undertaken by the service to examine encrypted Soviet diplomatic communications during World War II. It includes sixteen volumes of photocopies of translations of the communications and five guides to the releases written by Robert Louis Benson. The material was prepared by the United States National Security Agency.

## Arrangement of the Papers

This collection is arranged alphabetically by type of material and chronologically by date of publication therein.
