Can You Wear Model Size Gowns?
Gowns Designed Particularly for American Women

THE models which the wholesale importers and leading American dressmakers used to illustrate the latest or advanced Parisienne modes can be obtained in our modest shop at less than one-half the regular value. They are not worn, or even shop worn. The gown is new to you.

These gowns, many two of which are alike, were designed for American women. They are all originals and will give you an individuality of style and express an exquisite taste in dress, because they possess those chic French finishing touches which mean so much to particular women. You can get two gowns, either for street, afternoon or evening wear, at the same price you formerly paid for one alone elsewhere.

Prices \$15 to \$125

If you can wear model sizes, come and see them for yourself—each try them on. You may also meet one of our well-dressed friends here, and then you'll understand why she can afford so many beautiful gowns. The dancing frocks are a revelation and really triumphs of art. Some were the choicest shop-worn.

A visit will pleasantly surprise you—your dollar will do double duty. Prices are plainly marked. You often find models by Paquin, Worth, Callot and other famous modistes.
