

Skin Blemishes

How to get rid of them

•Skin specialists are tracing fewer and fewer troubles to the blood—more to bacteria and parasites that are carried into the pores with dust, soot and grime.

Clear your skin of any blemishes caused by this most powerful and persistent enemy by this effective local treatment. Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap and then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for ten minutes. Then rinse very carefully with clear, hot water; then with cold.

Use Woodbury's regularly in your daily toilet. This will make your skin so firm and active that it will resist the frequent cause of blemishes and keep your complexion free from them.

You will find a 25c cake of Woodbury's Facial Soap sufficient for a month or six weeks of this treatment and for general cleansing use for this

time. Get a cake today and begin to bring to your skin that greater clearness, freshness and charm you have longed for. Woodbury's is for sale at drug stores and toilet goods counters everywhere throughout the United States and Canada.

Write today for a week's size cake

For 5c we will send you a trial size cake of Woodbury's Facial Soap large enough to last for a week of this Woodbury treatment, together with the booklet "A Skin You Love to Touch," which gives the proper treatment for all of the commoner skin troubles.

For 12c we will send you the treatment booklet and samples of Woodbury's Facial Soap, Facial Cream and Facial Powder. Send today to The Andrew Jergens Co., 9352 Spring Grove Ave., Cincinnati, Ohio.

If you live in Canada, address The Andrew Jergens Co., Limited, 9352 Sherbrooke Street, Perth, Ontario

HOTEL BELLECLAIRE
NEW YORK

Broadway at 77th St.
Surface Cars at Door
Subway at 79th St.

Only a few minutes from the Shopping and Theatrical District.

Located at one of the highest points in the city, with cool breezes blowing into big rooms through big windows, from the Hudson two blocks west and from the great open of Central Park three blocks east, the Belleclaire is a Summer Resort hotel in this big city.

Guests are made very comfortable indeed. Constructed of brick and stone, the kind of building that keeps out summer heat anyway, and towering above the buildings in its immediate vicinity, the Belleclaire is very cool.

Then it stands on Broadway, which is very wide at this point with a strip of park running through its center. There is air everywhere.

The Dining Room—on the first floor—has large windows, bigger than doors on both the Broadway and 77th Street sides,—making it a very comfortable place in which to dine.

The Belleclaire stands also in a neighborhood of summer conveniences. Open Broadway cars pass the door and Fifth Avenue buses two blocks west on Riverside Drive. The subway at 79th Street. Large, cool, and very excellent moving picture houses near by. Roof gardens in the theatrical district only a few minutes away. Hudson River boats stop at 125th Street, and Coney Island boats start from there. Quickly reached either by Fort Lee car on Broadway or by subway.

On top of all of these comforts and conveniences you get good food and good cooking and good service and good companionship and a good home.

Why go far away when at 77th Street and Broadway you can have everything you need to make you happy during the summer?

Close your house for a vacation, if you want to, but come to the Belleclaire to get rest and comfort.

ROBERT D. BLACKMAN
Proprietor.

In the Blistering Heat of the Dining-Car Kitchen

In cramped quarters—surrounded by heat that is not only intense but constant—placed directly against the range—these are conditions which prove beyond question the worth of a Refrigerator.

BOHN SYPHON REFRIGERATOR

was adopted by the Pullman Company for its dining cars solely because of superior efficiency under these trying service conditions. For the same reason, Bohn Syphon Refrigeration exclusively is installed in the Refrigerator Cars of practically every railroad in the country.

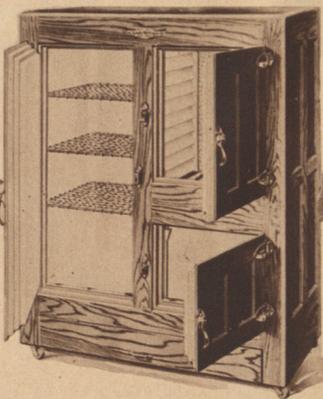

You can have this same efficient Bohn Refrigeration in your home. You can safely be guided by the decision of the Car Builders, who have made the most exhaustive comparisons.

In addition to its general structural excellence, the Bohn Syphon Refrigerator has many valuable features: the Syphon System of rapidly circulating pure, dry air; the 10-layer, heat-resisting insulation (with Flaxinum); the round-cornered, non-cracking, non-chipping lining of fused Porcelain-Steel; the Front Drain, etc.

Bohn Syphon and other Bohn Refrigerators, in many sizes and proportions, from \$22.50 up. Call if you can; otherwise, write for a catalog.

Bohn Refrigerator Shop, 53 W. 42nd St., New York (Opposite Bryant Park). Telephone, Vanderbilt 1927.

Newark Store: 913 Broad St. (Opposite City Hall). Telephone, Market 133.

KNABE

NO PICTURE could do justice to this celebrated Rose Garden at Cold Spring Harbor, L. I., one of Olmsted's prize gardens. Neither could any description of it—in prose or poetry—and every rose-lover feels the same way about his own rose garden. If you have been "too busy" to plan a rose garden this year, waste no further time in idle regrets. There's a royal road to a rose garden—the road that leads to Hicks Nurseries in Westbury, for here you can come right now—TOMORROW—drink in the beauty and fragrance of our choice collection, pick those you love most, take them home with you, and plant them in your own yard, to scent your home surroundings with their perfume. Come to-morrow or any day this week. If you can't come, write or phone—we'll play the fairy for you and send the roses to your home.
