A Great Household Convenience and Money Saver

KRYSTALAK is the solids of fresh liquid skimmed milk, dried and packed in clean, sanitary containers at the source of supply—one of the richest dairying districts of New York State. Contains no added sugar, no preservative, no adulterant and keeps for weeks in a dry place. No refrigeration required.

To prepare KRYSTALAK use 4 level tablespoons to one cup of water. There's no waste in KRYSTALAK—no losses through the milk souring. The milkman may fail you but KRYSTALAK is right at hand. Try a package and be convinced that KRYSTALAK should always be kept in your kitchen.
