

Dainty and Distinctive
Beyond Description

BABCOCK has originated a delightful new fragrance, as harmonious and distinctive as that other Babcock masterpiece, Corylopsis, so long a favorite of feminine America.

This new toilet delight Babcock has titled—*Butterfly*.

An exquisite combination of rare essential oils—the daintiest, most alluring redolences of the world's floral treasures, Butterfly is a fragrance of utmost delicacy and elegance, yet rich and enduring.

Combined with talc powder of air-borne lightness, Butterfly becomes a web-soft,

soothing veil of beauty and protection—exhaling its enchanting suggestion of rare flowers.

BUTTERFLY TALC is truly a creation *de luxe*, with which every woman should familiarize herself. In its tall, rich blue Butterfly can, Butterfly Talc is individual and smart in appearance—unmistakable.

It is at your pleasure everywhere.

Which is Which?

Can you tell, by odor and flavor alone, that your butter is butter, rather than onions, bananas, cheese or fish?

BOHN SYPHON REFRIGERATOR
preserves the freshness and natural aroma of foods, because it is free from the condensing moisture which contaminates the foods in an ordinary refrigerator. Notice, for example, how the bottles you take from your refrigerator are loaded with a grimy moisture. Bottles come clean and dry from a Bohn Siphon.

Let us demonstrate this and other Bohn features—the round-cornered one-piece porcelain-steel lining, the tealayer heat-resisting walls, the front drain, etc. Bohn Siphon and other Bohn Refrigerators from \$19.00 up. Send for a catalog if you cannot call.

Only a few minutes from the Shopping and Theatrical District.

He sat in the Grill the other evening. After ordering a minute steak and a heart of lettuce salad and bread and butter and a cup of coffee, he sat back to read his paper for a few minutes while waiting for his order to be filled. Glancing up for a moment while turning the pages of his paper, he spied Hall Adams, who has just returned from France, where he took part in 9 engagements and did a few other things very successfully.

Hall is the Belleclaire's star boarder, who is as much a part of the Hotel as the building. His presence among us all means radiating happiness from the cellar to the roof. He is very welcome home again. He's looking fine and says it is a great treat to sit down once more at the Belleclaire family table and to enjoy the good eating that he always gets here.

Others enjoy the good meals served here. If you have never had a meal at the Belleclaire there is no time like the present to begin.

Uncle Sam must now de-camouflage his picturesque ships. These "steepie" jacksies are busy removing the cubist design which embellished the funnels of this dreadnought.
