

The Rope Weave Selvage, backed by the name McLane, bespeaks genuine, sterling *silk-worth* and a steadfast, unchanging *quality* upon which passing *fads* and short lived *fancies* have no effect

To the Eye—Charming,—because of the perfect beauty of the weave and color.
To the Feel—Genuine,—because of the quality woven in with every single thread.
To the Purse—Moderate,—because of their staple nature and wide appropriateness.

McLane Silk Company, 463 Fourth Avenue, New York

EXTRAORDINARY SALE
 of Magnificent Bohn Syphon Refrigerators Specially Made for the
U.S. NAVY

Last August we were awarded by the U. S. Government a large contract for Refrigerators for battleships, armored cruisers, submarine chasers, etc. The contract called for the very highest grade of construction ever put into Refrigerators by any manufacturer, and every process of manufacture was rigidly inspected. These Refrigerators were shipped to the various Navy Yards.

When the Armistice was signed, most of the Refrigerators shipped to the Philadelphia Navy Yard could not be used because the vessels for which these Refrigerators were intended would not be built. These Refrigerators were stored in the Philadelphia Navy Yard Buildings Nos. 400 and 401, and have been shipped back to us. They are now in the original crates, and are ready for immediate delivery or shipment, or can be held (on a small deposit) for full delivery.

These Refrigerators have exteriors of beautiful robin-light-blue genuine fused-steel porcelain. The trim and fittings are handsome solid brass nickel-plated, with heavy solid brass nickel-plated sanitary legs with castors, with 6 inch clearance from the floor, for easy cleaning. They have 4 doors, 5 shelves and 2 bottom compartments. The size is 37½ inches wide, 20¾ inches deep and 60 inches high. Ice capacity about 100 lbs.

The Bohn Syphon Refrigerator is the standard of the world. All railroads use the Bohn Syphon System for their refrigerator cars, and every dining car in the land (the severest test of a Refrigerator) has a Bohn Syphon.

Each Refrigerator is fitted with 2 Yale & Towne specially made nickel-plated pad-locks bearing the name "U. S. N."

The lining is genuine pure-white fused-steel-porcelain, single-piece and with rounded corners.

We have here probably the largest and finest display of high-class Refrigerators in the country. Bohn Refrigerators in great variety, from \$19.00 up, including the Bohn All-Metal "Ideal," same as used by the U.S. Government in Panama. Very low Special Sale prices are now in effect on all models.

Actual Market Value \$250.00 **\$156.00**

During this Special Sale we Have Marked All Bohn Models at Radical Reductions.
