Camouflaged Signal Stations and Artillery Posts

SIGNAL STATION FAR UP IN THE ALPS ON THE LINE BETWEEN THE BRENTA AND THE PIAVE, PROTECTED FROM PRYING EYES AND HOSTILE BOMBS OF THE ENEMY AVIATORS.

AN ITALIAN ARTILLERY POSITION STRONGLY FORTIFIED BY SAND BAGS, IN ADDITION TO THE ROCKS THAT NATURE HAS LIBERALLY PROVIDED IN THE MOUNTAIN REGION.

AN ENTIRE TRANSPORT ROUTE ON THE ITALIAN FRONT SO CUNNINGLY CAMOUFLAGED AS TO DECEIVE ENEMY BATTERIES AND THE AUSTRIAN AVIATORS FLYING ABOVE THE LINES.
