"Admiration" Width 5" Height 9"
Certainly this is a nude of exquisite beauty and grace. The maiden refreshing herself at the clear, cool pool has found her reflection one that is pleasing, and the frog, in its admiration, questions not the trespasser.

"Chimpanzee" Width 5" Height 8"
In jungle society he is undoubtedly considered a beauty and, although it is hard for us to accept the Darwin theory, nevertheless, we must admit that his brute strength and long-arm reach make him splendidly equipped to serve us successfully as a Book Rock.

"Evil Spirit" Width 5" Height 8"
A splendid Indian figure with muscles taut—his body tense—his face expressing his awe and fear of the Evil Spirit.

"Gladiator" Width 4" Height 7"
A superb example of the physically perfect man. Every muscle in his wonderful body is in play to hold your books in place.

"D'Artagnan" Width 5" Height 9"
Dumas' hero adventurer is here modeled into a man as we might picture him, "alive," quick, his foil broken at his feet, and a smile on his face. Could we ask a more gallant figure?

"Lazy Student" Width 5" Height 6"
This lazy page has turned from his duties to what he finds more to his liking. He evidently is a great book lover, but we fear the volume stream about him are the most exciting novelties of his time rather than the volumes of a student. An exceptionally appropriate Book Rock.

"Babyhood" Width 5" Height 6"
These three little cherub-like figures in their playfulness would push over your books if they might, but the chubby little dears are just able to keep them upright for you. This is an exquisite piece that all should like.
