### Why cutting ruins the cuticle

How you can keep it smooth and firm without cutting

START today to have the shapely, well-kept nails that make any hand beautiful. See how quickly, how easily you can have the most wonderful manicure—see how smooth and firm Cutex keeps your cuticle without trimming or cutting it; how lovely it makes your nails look!

you can wipe off the dead surplus skin. Then rinse the hands in clear water.

Until you use Cutex, you cannot realize what a great improvement even one application makes; you cannot know how attractive your nails can be made to look.

Over and over, specialists repeat the advice—"Do not trim the cuticle." "Under no circumstances should scissors or knife touch the cuticle." "Cutting is ruinous."

(Photo Lumiere Studio) Ethel Clayton, the charming motion picture star, who becomes more and more popular month by month, says: "One cannot know of Cutex and not love to use it. Cutex keeps my nails looking so beautifully, my friends often remark..."

It was to meet this need for a harmless cuticle remover that the Cutex formula was prepared.

Cutex completely does away with cuticle cutting, leaves the skin at the base of the nail smooth and firm, unbroken.

The new way to manicure In the Cutex package you will find orange stick and absorbent cotton. Wrap a little cotton around the end of the stick and dip it into the Cutex bottle. Carefully work the stick around the base of the nail, gently pushing back the cuticle. Almost at once you will find

Where to get Cutex Cutex manicure preparations are sold in all high-class drug stores and at the toilet goods counters of department stores. Cutex comes in 30c, 60c and \$1.25 bottles. Why do we prefer one food to another?

Why did the Roman Emperors send slaves for miles and miles to find a special kind of luscious melon or wild grape or "Cythnian Cheese"?

Why do we search the menu card for our favorite Pompano or Sweetbread or Duckling?

It is the flavor of foods that makes them desirable. It is the flavor that makes them palatable. Without flavor all food would become merely medicine.

It is the flavor of Yuban that has distinguished it from all other coffees. Without this distinctive flavor, Yuban would be merely another coffee. You will enjoy its flavor as you never enjoyed coffee before. Try it today.
