Life in London is largely a matter of three meals a day, a bed, and an Aquascutum. And so tenacious are English traditions that the Aquascutum has gone with the army to the trenches.

They are worn from Charing Cross to Calais, from Calais to Ypres.

They have achieved the rarest distinction that can ever come to a man or to an overcoat—INDISPENSABILITY. In a London fog or a drizzle, in hail, snow, or a driving rain, you can bank on an Aquascutum to come through!

*London has raised the prices on Aquascutums for this Spring—we haven't.*

They are \$24 to \$45 as usual.

The models are the Leonfield, the Mobile, the Chesterfield, the Sportsman, the Babbacombe and the New Guard, which is a military model, with inverted pleats and belted back.

The fabrics are Homespins, herring-bones, staples, Hand-woven Shetlands, overlaid, and the colors include blues, greens, tans, browns, Oxfords, and heather mixtures.

## Teresa Carreño Plays Schubert's Impromptu Op. 90 No. 3

**A** CALM, dignified woman quietly seated herself before the Ampico Recording Piano and struck the first notes of Schubert's exquisite Impromptu. Teresa Carreño, "The Lioness of the Piano," was recording her playing for the Ampico—and the delight of future generations of music lovers.

With a masculine force and reserve power that was amazing she brought forth the utmost beauty of this perfect melody. The closing theme in full chords comes to us charged with Carreño's individuality and magnetism. And as she plays, from the Recording Piano go the impulses that record forever her interpretation of this masterpiece. Tone for tone, tempo for tempo, you and generations to come, will be able to hear the exact individual playing of Carreño on the

## Are Your Dishes Washed the Easy Way?

With the HOME HELPS DISH WASHER

It makes fresh soapsuds that flow through the brush.

It provides clear, clean rinsing water by just pressing button.

The Dish Dryer we furnish dries large and small articles equally well.

Without using a dishpan, yet washed clean.

Hot water and soap suds flow out of the brush itself. Each article is scrubbed clean with fresh soap suds. No two dishes are washed in the same water, and less hot water is used than is required by the old-fashioned unsanitary dishpan, with its dirty, greasy dish water that ruins your hands—

Without soiling your hands, yet cleaned thoroughly

and the velvety feeling of your china is preserved. Your china is first scrubbed clean and then rinsed clean with fresh, clear rinsing water, by just pressing the button in the handle. Glass, ware, silver and even kitchen pots and pans are easily washed. Then they dry in the dish dryer.

Without using a drying towel

—yet you get a brilliant, shiny lustre impossible to obtain in any other way. No dishpan used. No towel required. Your time saved. Your hands preserved.

Helps to solve your servant problem.

Simple, inexpensive, does better work than complicated devices costing ten times as much. \$5.00 complete. Includes everything.
