Schools and Institutions

Over two hundred thousand Public School children see Pathéscope Educational Pictures every week through the equipment of only one hundred of the New York Public Schools.

All schools need and should have them. Many now used and more needed by the Y. M. C. A., Boy Scouts, Camp Fire Girls, Christian Endeavor Society, Epworth League, Social Settlement Workers, Parents' Associations, Industrial Welfare Societies, Orphan Asylums, Convalescent Homes, Sanitariums—everywhere that life can be made better worth living by the safe use of wholesome motion pictures.

Industrial Users

We number among our clients the most prominent manufacturers using motion pictures as an aid to salesmanship. Many of them adopted the Pathéscope after unsatisfactory and expensive efforts to use unapproved projectors with dangerous celluloid films. The salesman equipped to show his product by motion pictures not only gets a showing but gets the order. Literature on request if not convenient to call at the Pathéscope Salon for a demonstration.
